### **Holly Hill Hospital Names Chief Administrative Officer**

**Raleigh, NC – July, 2022** – Holly Hill Hospital is pleased to announce the promotion of Michelle Work to Chief Administrative Officer. As Chief Administrative Officer, Michelle is the senior operations officer focusing on regulatory compliance, quality outcomes and pursuit of excellence in executing the mission, goals and values of Holly Hill Hospital through proven continuous process improvement. Additionally, Michelle will support the Chief Executive Officer in facility oversight.

Beginning in her position as Director of Performance Improvement, Michelle has played a critical role in ensuring compliance with local and regulatory agencies in addition to supporting clinical objectives. “Michelle’s dedication and attention to improving quality care outcome measures have driven Holly Hill Hospital forward, and I know she will continue to contribute great value to our team as we deliver on our mission of providing high quality care in our community,” said Kevin Poitinger, Chief Executive Officer, Holly Hill Hospital.

Prior to joining Holly Hill hospital, Michelle had a robust career in the behavioral healthcare industry where she spent several years specializing in the treatment of forensic patients, managing crisis services in emergency departments, consulting new behavioral health

organizations, and providing Quality and Performance Improvement oversight for the state's three psychiatric hospitals with North Carolina's Division of State-Operated Healthcare Facilities (DSOHF).

Michelle earned a Bachelor's of Science in Educational Leadership from Piedmont, and a Masters in Forensic Psychology from Colorado State University. She recently completed a second Masters in Healthcare Administration, also from Colorado State University.

Born and raised south of Buffalo, New York, Michelle is an avid fan of the Buffalo Bills, travels to warmer climates as often as she can, and binge watches Criminal Minds and Law & Order. She is most proud of her 2 children, and her Chiweenie, Nova.

### **About Holly Hill Hospital**

Located in Raleigh, North Carolina, Holly Hill Hospital is a dual campus, 285-bed inpatient psychiatric and addictive disease health system. Our mission is to provide effective and compassionate mental health and substance use treatment. We offer behavioral health treatment to those in need, without discrimination or judgment, in an effort to restore a meaningful quality of life.

Holly Hill Hospital is accredited by The Joint Commission and prides itself on upholding a standard of excellence that begins with our core values of dignity and respect.

Our inpatient programs treat patients age four through older adulthood. Adults 18 and older may access a continuum of care through The Pines at Holly Hill Outpatient's partial hospitalization and intensive outpatient programs. Holly Hill's South Campus also offers electroconvulsive therapy (ECT) to adults experiencing treatment-resistant mental illness.
