Holly Hill Hospital Names New Director of Nursing

Raleigh, NC – July, 2022 – Holly Hill Hospital is pleased to announce the promotion of Grace Williamson, RN, to Director of Nursing at our Adult Main Campus, effective July 2022. In this role, Grace is responsible to assist the Chief Nursing Officer in administrative and clinical supervision of the nursing department and ensure effective utilization of the nursing process to promote quality patient outcomes and standards of practice.

Grace joined Holly Hill Hospital as a staff nurse in 2018. In 2021, she was promoted to Weekend House Supervisor at our Children’s Hospital and soon after transitioned to our Adult South Campus as a Nurse Manager. Grace has over 10 years of clinical leadership experience.

Born and raised in Jamaica, Grace obtained her initial RN training before engaging in various clinical settings to include Medical Surgical, Cardiac Pulmonary Surgery, Vent Weaning, Dialysis and Palliative care. “Grace’s years of diverse patient care have equipped her with a unique approach to psychiatric nursing. She is a strong mentor and role model for nurses joining us and we congratulate her on this well-deserved promotion,” said Kelly Millsap, MSN, RN, Chief Nursing Officer, Holly Hill Hospital.

Grace graduated from Grand Canyon University with a BSN and attended University of Phoenix where she earned a master's in Health Care Administration. Grace enjoys engaging with members of the health care team, is passionate about providing clinical leadership and believes strongly in transformational leadership.

About Holly Hill Hospital

Located in Raleigh, North Carolina, Holly Hill Hospital is a dual campus, 285-bed inpatient psychiatric and addictive disease health system. Our mission is to provide effective and compassionate mental health and substance use treatment. We offer behavioral health treatment to those in need, without discrimination or judgment, in an effort to restore a meaningful quality of life.

Holly Hill Hospital is accredited by The Joint Commission and prides itself on upholding a standard of excellence that begins with our core values of dignity and respect.

Our inpatient programs treat patients age four through older adulthood. Adults 18 and older may access a continuum of care through The Pines at Holly Hill Outpatient's partial hospitalization and intensive outpatient programs. Holly Hill's South Campus also offers electroconvulsive therapy (ECT) to adults experiencing treatment-resistant mental illness.
